

X-PAT | X-CHANGE

A RAILS
2-WAY MARKETPLACE

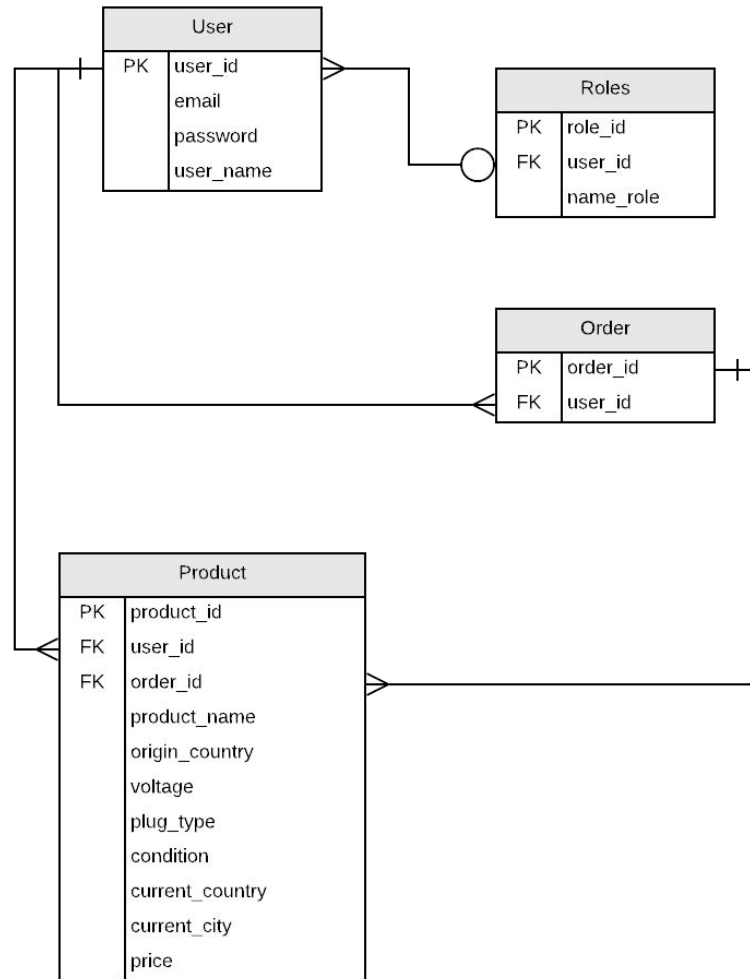

THE PROBLEM

- You move abroad, what do you do with your appliances that won't work in the new country?
- Can you trust a converter? (No.)
- How can you connect with other expats going the other direction?

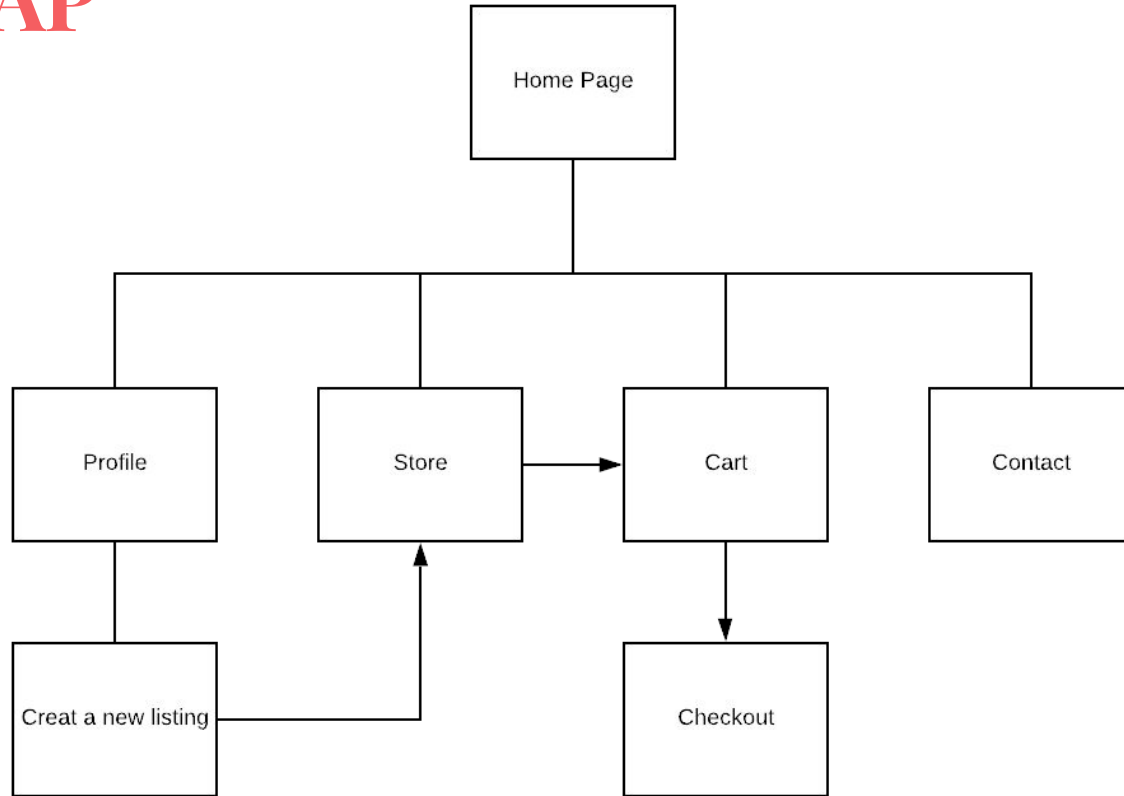

WHY THE PROBLEM NEEDS SOLVING

- A thrift store won't want your appliances that don't work
- People think they plan well, but can be wrong
- Too much stuff in landfills
- Too much other stuff to wade through on gumtree & other sites
